

**Holsworthy Church of England
Primary School.**

**Special Educational Needs & Disabilities
(SEND) Policy**

2018 – 2019

Context

This policy was developed in consultation with parents/carers, staff and pupils of the school community and pays due regard to;

- The SEND Code of Practice: 0 to 25 years, July 2014
- Part 3 of the Children and Families Act 2014 and associated regulations

Governor responsible for SEND: Miss Serena Cole

Headteacher: Tim Salvadori

SENDCo: Chris Hurley.

SENDCo Qualifications: Member of the SLT
Dylsexia screening.
Safeguarding level 3 trained.
PREVENT trained.
PIPs

Special Educational Needs and Disability (SEND) Policy

This policy is in line with our teaching and learning policy and aims to support inclusion for all of our children. The responsibility for the management of this policy falls to the Headteacher; the day-to-day operation of the policy is the responsibility of the Special Educational Needs Co-ordinator (SENDCo). The Governing Body, Headteacher and the SENDCo will work together closely to ensure that this policy is working effectively.

High quality teaching is that which is differentiated to meet the needs of the majority of pupils. Some pupils will need something **additional to** and **different from** what is provided for the majority of pupils; this is special educational provision and we will use our best endeavours to ensure that provision is made for those who need it.

Holsworthy C of E Primary School will do its best to ensure that the necessary provision is made for any pupil who has special educational needs or disabilities to enable them to meet their full potential. We will ensure that all staff in the school are able to identify and provide for those pupils who have special educational needs or disabilities to allow pupils with SEND to join in the activities of the school.

The staff and governors of Holsworthy C of E Primary School will also work to ensure that all SEND pupils reach their full potential, are fully included within the school community and are able to make successful transfers between educational establishments. This policy aims to support all members of staff in providing positive whole school approaches towards the learning, progress and achievement of SEND pupils. With this as an underlying principle, we believe that;

All teachers are teachers of Special Educational Needs and disabilities.

Every teacher is responsible and accountable for the progress and development of all pupils in their class even where pupils access support from teaching assistants or specialist staff.

Teaching and supporting pupils with SEND is therefore a whole school responsibility requiring a whole school response. Meeting the needs of pupils with SEND requires partnership working between all those involved – Local Authority (LA), school, parents/carers, pupils, children's services and all other agencies.

School Admissions

No pupil will be refused admission to school on the basis of his or her special educational need. In line with the Equality Act 2010 we will not discriminate against disabled children in respect of admissions for a reason related to their disability. We will use our best endeavours to provide effective educational provision.

Aims and Objectives

Aims

To provide the structure for a pupil-centred process that engages pupil, family, school and other professionals in planning for and implementing high quality, needs led provision that is consistent across the school. This is to ensure all of our pupils are able to access the same opportunities for learning and social development achieving maximum progress, fulfilling their potential and promoting their well-being.

Objectives

The SEND Policy of Holsworthy C of E Primary School reflects the principles of the 0-25 SEND Code of Practice (2014). The aims of this special educational needs policy are to:

- Ensure the Equality Act 2010 duties for pupils with disabilities are met,
- To enable pupils with special educational needs to have their needs met,
- To take into account the views of the pupils with special educational needs,
- To encourage good communication and genuine partnerships with parents/carers of children with special educational needs,
- To facilitate full access to a broad, balanced and relevant education, including an appropriate curriculum for the foundation stage and the National Curriculum, for pupils with special educational needs,
- In conjunction with the Medical Policy make arrangements to support pupils with medical conditions and to have regard to statutory guidance supporting pupils at school with medical conditions,
- To implement a graduated approach to meeting the needs of pupils using the Assess, Plan, Do, Review process,
- Develop a culture of inclusion valuing high quality teaching for all learners, with teachers using a range of effective differentiation methods,
- Employ a collaborative approach with learners with a SEN or disability, their families, staff within school, other external agencies including those from Health and Social Care.
- Set appropriate individual learning outcomes based on prior achievement, high aspirations and the views of the learner and family,
- Share expertise and good practice across the school and local learning community,
- Make efficient and effective use of school resources,
- Have regard to the Code of Practice (2014) for the identification, assessment, support and review of special educational needs,
- Have regard to guidance detailed by Devon County Council.

Identifying and supporting Special Educational Needs & Disabilities

Definition of SEND (Please see Appendix 1)

Identifying Special Educational Needs

There may be times in a pupil's school career when they are identified as having a Special Educational Need.

These pupils will be provided with intervention and/or support that is 'additional to or different from' the normal differentiated curriculum. This may be on an ongoing basis or for a limited time. Many pupils with sensory and/or physical disabilities may require adaptations, made as reasonable adjustments under the Equality Act 2010.

Areas of Special Educational Need

Under the SEND Code of Practice 2014 pupils identified as having a special educational need (SEN) will be considered within one or more of the following categories of need:

Cognition and Learning;
Social, Emotional and Mental Health Difficulties
Communication and Interaction needs
Sensory and/or Physical needs

A Graduated Response to SEND at Holsworthy Primary School.

Assess, Plan, Do and Review.

Drop ins:

The school SENDCO has an open door approach for all staff to come and discuss children that they are concerned about within their class. These informal meetings give the class teacher and SENDCO opportunity to consider the individuals learning styles, needs and ways lessons can be adapted to meet these needs. At this point the class teacher will often complete the initial part of the SEND Graduated Approach (established by Devon County Council) to establish key areas of need in consultation with the SENDCO or SENDCO assistant. They will then go away with a plan on how to support with first quality teaching and update the SENDCO on how this is working as and when necessary. The SENDCO or SENDCO assistant may also book a time to come and observe the child in class and complete some in house assessments at this point. During this process the class teacher will speak with parents informally about their concerns and what they are doing to support their child in class.

Termly meetings with the SENDCO:

Within the first few weeks of each term the class teacher meets with the school SENDCO to discuss children within their class in a more formal meeting. This meeting takes place after whole class assessment and pupil progress meetings have happened.

If a class teacher has on-going concerns about a child despite trying range of first quality teaching strategies or an intervention that the school provides as part of their universal offer to all children (see whole school offer) a discussion is had with the SENDCO about whether a child should be placed on the SEND register. If the outcome is that this will happen then a school based My Plan is written and up to 9 targets are set for the child (4 English based, 4 maths based and 1 overarching cognition and learning based target.) The class teacher shares this with the parents and child in a more formal manner. During this meeting the parents will be asked to complete a section on the My Plan about their views and sign a letter to say they understand their child in now on the school SEND register. The My Plan and targets are review 3 times a year with the SENDCO and then the parents.

School based My Plan.

A school based My Plan will have specific targets for the child to work on and although the class teacher will update progress towards the targets regularly a formal review will happen at the beginning of each term. Parents and the child (where appropriate) are invited to this meeting with the class teacher to look at the progress towards the targets and a new My Plan shared with new targets.

Outside agency involvement and early help.

When a child has been placed on the school SEND register and had a school based My Plan in place but progress is still limited and there are still on- going concerns then it may be necessary to begin an Early Help Assessment with the family. This assessment will take place with a member of the SEND team who will then begin to implement a more in depth My Plan alongside the family and class teacher.

During this process it is often necessary to seek assessment by or advice from an external professional such as a specialist teacher or educational psychologist and a Team Around the Family

Meeting (henceforth known as TAF) will be held where parents, a member of the SEND team and other outside agencies will attend to discuss how they can support.

When considering whether a pupil has a special educational need any of the following may be evident:

- Makes little or no progress even when teaching approaches are targeted particularly in a pupil's identified area of weakness;
- Shows signs of difficulty in developing literacy or mathematics skills which result in poor attainment in some curriculum areas;
- Persistent emotional or behavioural difficulties which are not ameliorated by appropriate behaviour management strategies;
- Has sensory or physical problems and continues to make little or no progress despite the provision of specialist equipment;
- Has communication and /or interaction difficulties and continues to make little or no progress despite the provision of an appropriate differentiated curriculum.
- Has emotional or behavioural difficulties which substantially and regularly interfere with the pupil's own learning or that of the class groups, despite having an individualised behaviour support programme;
- Has SEND or physical needs that require additional specialist equipment or regular advice or visits by a specialist service;
- Has a communication and/or an interaction difficulty that impedes the development of social relationships and cause a substantial barrier to learning.

These are summarised on our SEND registers for children accessing SEND support and all staff have a copy of this.

Exit Criteria

When a pupil has made sufficient progress in their area of need that they no longer require any provision that is ***different from*** or ***additional to*** that which is normally available as part of high quality and differentiated teaching they will no longer be seen as requiring SEND Support. At this point, through discussion and agreement with parents/carers the pupil will be removed from the schools SEND register.

Statutory Assessment of Needs (EHC)

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the Special Educational Needs and/or Disabilities of the pupil, the child has not made expected progress, the school or parents/carers should consider requesting an Education, Health and Care (EHC) needs assessment. The evidence gathered through the regular review of the My Plans and TAF meetings with outside agencies will help the Local Authority (LA) in determining when this statutory assessment of needs is required.

Where a pupil has an Education Health and Care Plan (EHCP), the Local Authority must review the plan every twelve months as a minimum. Schools have a duty to co-operate so ANY School will hold annual review meetings on the behalf of Devon LA and complete the appropriate paperwork for this process.

Supporting Pupils and Families

We value and accept the positive role and contribution parents/carers can make. We make every effort to work in full co-operation with parents/carers, recognising and respecting their roles and responsibilities. Parents/carers are encouraged to work with the school and other professionals to ensure that their child's needs are identified properly and met as early as possible.

In order that they play an active part in their child's development, the school endeavours to provide parents/carers with the relevant information so they can reinforce learning in the home.

At Holsworthy C of E Primary School we endeavour to support parents/carers so that they are able to:

- Feel fully supported and taken seriously should they raise a concern about their child
- Recognise and fulfil their responsibilities and play an active and valued role in their child's education
- Understand procedures and documentation
- Make their views known about how their child is educated
- Have access to information, advice and support during assessment and any related decision-making process about special educational provision.

Parents/carers are encouraged to seek help and advice from Independent Information, the SEND team within school are happy to provide advice on who to contact.

Children in Care:

When a child is in care, the carers are accorded the same rights and responsibilities as parents. The school has both an appointed member of staff and a governor for Looked after Children.

Partnership with External Agencies

The School is supported by a wide range of different agencies and teams. The schools SEND Information report details which agencies the school have worked with in the last 12 months. This report can be found on the school website and is up-dated annually.

Transition

A change of school, class and staff can be an exciting, yet anxious time for all pupils. We recognise that this can be very challenging for some pupils with SEND. We endeavour to make sure these periods of change are carefully managed in a sensitive way to provide continuity of high quality provision and reassurance to pupils and families.

Meeting Medical Needs

The Children and Families Act 2014 places a duty on schools to make arrangements to support pupils with medical conditions. Individual healthcare plans will normally specify the type and level of support required to meet the medical needs of such pupils.

Where children and young people also have SEN, their provision should be planned and delivered in a co-ordinated way using the DAF paperwork. For those pupils with an Education, Health and Care (EHC) plan this will be used as it brings together health and social care needs, as well as their special educational provision.

The school recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010. ***Please see the schools Medical Policy for further details.***

Children in Hospital

The member of staff responsible for ensuring that pupils with health needs have proper access to education will liaise with other agencies and professionals*, as well as parents/carers, to ensure good communication and effective sharing of information. This will enable optimum opportunities for educational progress and achievement.

* E.g. *medical agencies, Hospital School, DPLS*

Training and Resources

Allocation of resources

- Resources are allocated to support children with identified needs as identified previously.
- Each year we map our provision to show how we allocate human resources to each year group; this is reviewed regularly and can change during the academic year, responding to the changing needs within our classes.
- This support may take the form of differentiated work in class, support from a Teaching Assistant (TA) in focused intervention in groups, or for individuals.
- Specialist equipment, books or other resources that may help the pupil are purchased as required

Continuing Professional Development (CPD) for Special Educational Needs

- The SENDCO and other SLT members provide regular CPD to other staff in school in specific aspects of meeting the needs of pupils with SEND – a programme covering a variety of SEND is offered and staff can sign up to the sessions which best meet their CPD needs.
- All staff have regular CPD meetings. The progress of all pupils including those with SEND is a core aspect of the appraisal process and appraisal targets will look at how to develop staff skills in meeting individual pupil needs as necessary.
- Teaching assistants are engaged in an ongoing training whereby the role of the teaching assistant is developed.
- External trainers are brought in periodically to address more specialist training needs such as dealing with specific medical conditions (e.g. epilepsy) or to train staff in the use of specific interventions.
- Peer support and guidance is available daily for all staff in school and some of the best training development occurs through professional dialogue with colleagues looking at meeting the specific needs of a pupil.

Funding

Funding for SEND in mainstream schools is mainly delegated to the schools' budget. It is the expectation that schools provide support to their pupils with SEND from their SEND budget. Where a pupil requires an exceptionally high level of support that incurs a greater expense, the school can make a request for Additional Resource using the DAF 3.

The school will need to be able to demonstrate how it has spent the funding to date and the impact of this as well as demonstrating why further additional funding is required and how it would be used. This additional 'top-up' funding is then paid from the local authorities high needs block into the schools budget.

Personal Budgets

Personal Budgets are only available to pupils with an Education, Health and social Care Plan (EHCP) or pupils who are currently under-going a needs assessment for an EHCP. Funding can be made available to parents/carers as a personal budget for them to commission their own provision for their child under certain conditions.

Parents/carers who would like to enquire further about using the personal budget should speak in the first instance to the SENDCO.

Roles and Responsibilities

Provision for pupils with special educational needs is a matter for the school as a whole. In addition to the Governing Body, Head Teacher and SENDCo, all members of staff have important responsibilities.

Governing Body:

The Governing Body endeavours to follow the guidelines as laid down in the SEND Code of Practice (2014) to:

- use their best endeavours to make sure that a child with SEN gets the support they need – this means doing everything they can to meet children and young people’s Special Educational Needs
- ensure that children and young people with SEN engage in the activities of the school alongside pupils who do not have SEN
- designate a teacher to be responsible for co-ordinating SEND provision – the SEN co-ordinator, or SENDCo.
- inform parents/carers when they are making special educational provision for a child
- prepare an SEN information report and their arrangements for the admission of disabled children, the steps being taken to prevent disabled children from being treated less favourably than others, the facilities provided to enable access to the school for disabled children and their accessibility plan showing how they plan to improve access progressively over time

Headteacher:

The Headteacher has responsibility for the day-to-day management of all aspects of the school’s work, including provision for children with special educational needs. The Headteacher will keep the Governing Body fully informed on Special Educational Needs issues. The Headteacher will work closely with the SENDCo and the Governor with responsibility for SEND.

SENDCo:

The principle responsibilities for the SENDCo include:

- Overseeing the day-to-day operation of the SEND policy
- Co-ordinating provision for SEND pupils and reporting on progress
- Advising on the graduated approach to providing SEND support – Assess, Plan, Do, Review
- Advising on the deployment of the school’s delegated budget and other resources to meet pupils’ needs effectively
- Monitoring relevant SEND CPD for all staff
- Managing the Inclusion team
- Overseeing the records of all children with special educational needs and ensuring they are up to date
- Liaising with parents/carers of children with special educational needs
- Contributing to the in-service training of staff
- Being a point of contact with external agencies, especially the local authority and its support services
- Liaising with early years providers, other schools, educational psychologists, health and social care professionals and independent or voluntary bodies
- Liaising with potential next providers of education to ensure a pupil and their parents/carers are informed about options and a smooth transition is planned
- Monitoring the impact of interventions provided for pupils with SEND

- To lead on the development of high quality SEND provision as an integral part of the school improvement plan
- Working with the Headteacher and the school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements

All Teaching and Non-Teaching Staff:

- All staff are aware of the school's SEND policy and the procedures for identifying, assessing and making provision for pupils with special educational needs.
- Class teachers are fully involved in providing high quality teaching, differentiated for individual pupils. This includes reviewing and, where necessary, improving, their understanding of strategies to identify and support vulnerable pupils and their knowledge of the SEND most frequently encountered.
- Class teachers are responsible for setting suitable learning challenges and facilitating effective special educational provision in response to pupils' diverse needs in order to remove potential barriers to learning. This process should include working with the SENDCo to carry out a clear analysis of the pupil's needs, drawing on the teacher's assessment and experience of the pupil as well as previous progress and attainment.
- Teaching assistants will liaise with the class teacher and SENDCo on planning, on pupil response and on progress in order to contribute effectively to the graduated response, (assess, plan, do, and review).

SEND Information Report

The school will ensure that the SEND information is assessable on the school website. Governors have a legal duty to publish information on their websites about the implementation of the policy for pupils with SEND. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

Monitoring and Accountability

Accessibility

The school is compliant with the Equality Act 2010 and Accessibility legislation. It is fully accessible for wheelchair users as the school has a lift that enables access to all levels. There is also a disabled toilet facility on site. Holsworthy Primary School work hard to develop their accessibility and the schools' accessibility plan detailing how this is being developed can be accessed from the school website.

Storing and Managing Information

Pupil SEND records will be kept in accordance to the DfE guidance contained in "Statutory Policies for schools" (February 2014)

(https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/284301/statutory_schools_policies.pdf)

Responding to Complaints

In the first instance, parent complaints about the provision or organisation of SEND are dealt with through the procedures outlined in the School's Complaints Policy.

If there continues to be disagreement with regard to SEND provision the Local Authority should make arrangements that include the appointment of independent persons with a view to avoiding or resolving disagreements between the parents/carers and the school. This includes access to mediation before tribunal. Parents/carers have a right to appeal to a SEND tribunal at any stage.

Appendix 1.

Identifying and supporting Special Educational Needs & Disabilities

Definition of SED

Pupils have special educational needs if they have a learning difficulty or disability which calls for special education provision to be made for him/her namely provision **which is additional to or different from** that normally available in a differentiated curriculum. Holsworthy C of E Primary School regards pupils as having a Special Educational Need if they:

- a) Have a significantly greater difficulty in learning than the majority of pupils of the same age, or;
- b) Have a disability which prevents or hinders him/her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions
- c) A child under compulsory age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them (Section 20 Children and Families Act 2014)

Pupils must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Holsworthy C of E Primary School will have regard to the SEND Code of Practice 2014 when carrying out its duties towards all pupils with SEND and ensure that parents/carers are informed by the school that SEND provision is being made for their child.

There may be times in a pupil's school career when they are identified as having a Special Educational Need.

These pupils will be provided with intervention and/or support that is 'additional to or different from' the normal differentiated curriculum. This may be on an ongoing basis or for a limited time. Many pupils with sensory and/or physical disabilities may require adaptations, made as reasonable adjustments under the Equality Act 2010.

Areas of Special Educational Need

Under the SEND Code of Practice 2014 pupils identified as having a special educational need (SEN) will be considered within one or more of the following categories of need:

Cognition and Learning;

Children with learning needs may learn at a slower pace than other children and may have difficulty developing literacy or numeracy skills or understanding new concepts. Learning needs may be in addition to or as a result of other special educational needs.

Children with a specific learning difficulty (SpLD) will have difficulties related to one or more of dyslexia (reading and spelling), dyscalculia (maths), dyspraxia (co-ordination) and dysgraphia (writing).

Learning difficulties cover a wide range of needs, including moderate learning difficulties (MLD), severe learning difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through to profound and multiple learning difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment.

Cognition and Learning needs include:

- Specific learning difficulties (SpLD)
- Moderate learning difficulties (MLD)
- Severe learning difficulties (SLD), and
- Profound and multiple learning difficulties (PMLD)

Social, Emotional and Mental Health Difficulties

Children may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained.

Other children may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.

Social, Emotional and Mental Health Difficulties include:

- ADD
- ADHD
- Attachment Disorder

Communication and Interaction needs

Children with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or because they do not understand or use social rules of communication.

The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives. Children with autism, including Asperger's Syndrome, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

Communication and Interaction needs include:

- Speech, language and communication needs (SLCN)
- Autism (including Asperger Syndrome)

Sensory and/or Physical needs

Some children require special educational provision because they have a disability and this prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time.

Many children with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning. Children with an MSI have a combination of vision and hearing difficulties. Some children with a physical disability (PD) require additional ongoing support and equipment to access all the opportunities available to their peers.

Sensory and/or physical needs include:

- Visual impairment (VI)
- Hearing impairment (HI – including Deaf and hearing impairment)
- Multi-sensory impairment (MSI - sometimes referred to as Deafblind)
- Physical disability (PD).
